The Norwalk Public Library System and libraries all over Connecticut will be taking a 'snapshot' - collecting information to capture the impact that Connecticut libraries have on their communities on a typical day.

Tell us what you love about your library and why it's important. We'll take your answers and let you know what other people all around the state think of their libraries and how they use them.

Results and pictures will be posted online at www.snapshotctlib.wordpress.com after March 10.

Snapshot: One Day in the Life of Connecticut Libraries is a project of the Connecticut Library Association, the Connecticut State Library and the Connecticut Library Consortium.
